

Dansuma Team Kuruho

Around 60% will get to 90

86% of us will get to the age of 70

Around 60% will get to 80

We will have less friends as time passes

Old people fight boredom
by gathering together

Listening to music is
universally enjoyable

Listening to music is
universally enjoyable

Provided that the music
is of our likings!

And finding people with the same
taste might be hard

Today's older people have changed

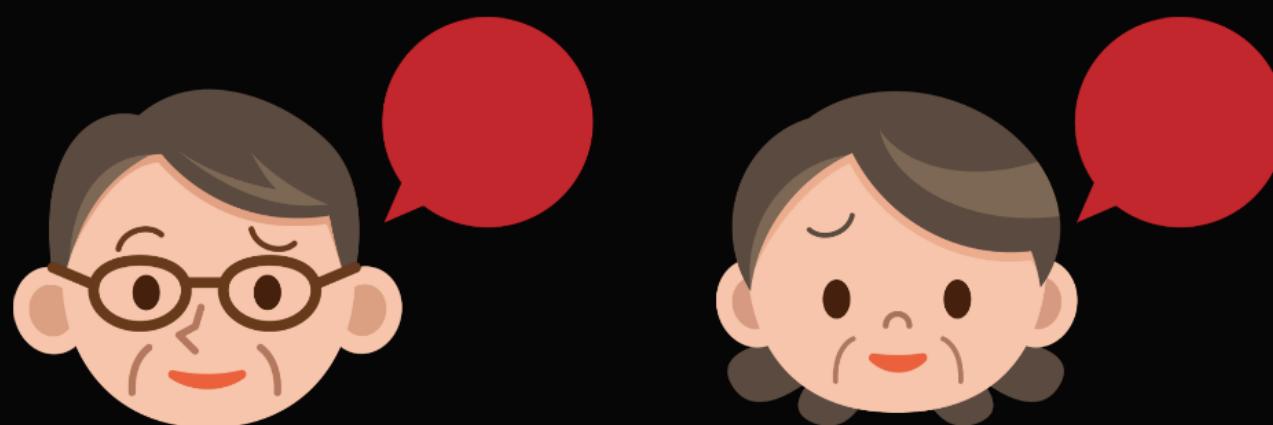

and they are generally
more open to modern technologies

Dansuma allows its users to vote
for their favourite song to play

And you also give the chance to find
the perfect match that share the
same peculiar taste in music.

Dansuma lifts the burden
of having to select the perfect playlist

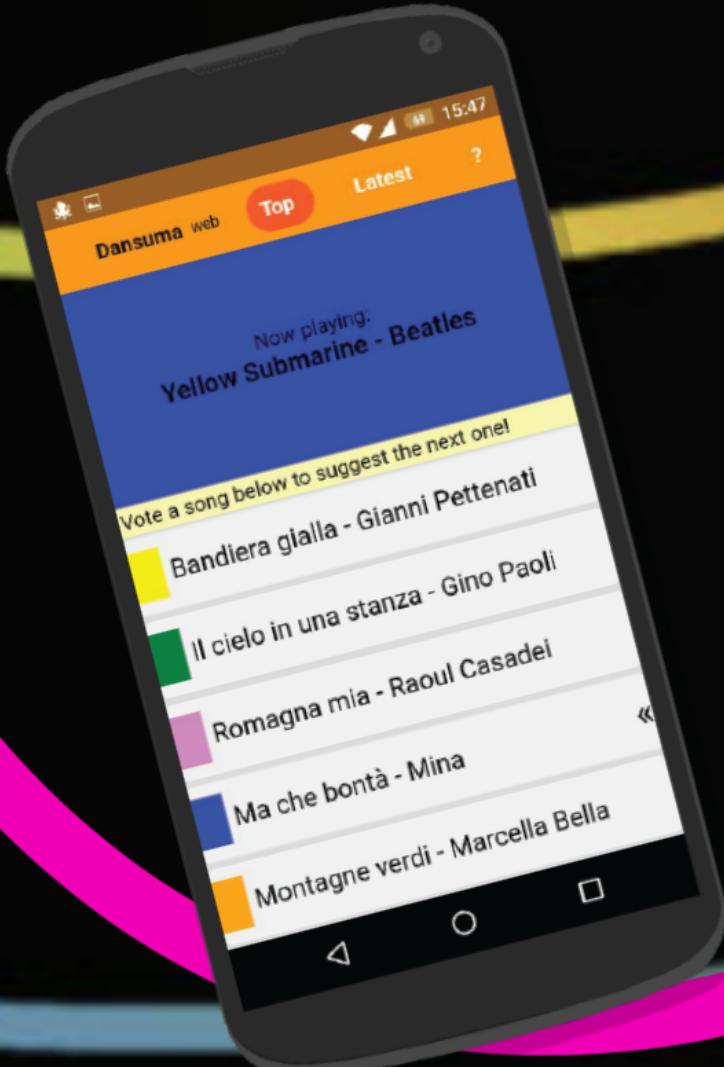

Dansuma's versatility
makes it suitable for any situation
and for any demographic target

Dansuma's versatility
makes it suitable for any situation
and for any demographic target

Dansuma creates a poll of 5 songs among those of a VolumIO playlist and asks its users to cast a vote

tionally lights can be driven through standard protocols such as ArtNET

Dansuma enqueues song that received the votes in the playlist

Dansuma enqueues the
song that received the most
votes in the playlist

Optionally lights can be driven
through standard protocols
such as ArtNET

Dansuma lends itself
to the creation of OEM products
intended to be installed in venues

Tiered prizes can be implemented

Or a Best match finder

Frequently Asked Questions

What does "Dansuma" mean?

Although the name might sound Japanese (dan-suma) or American English (Den-sumah), its real meaning can be guessed by remembering the location where the Hackathon Droidcon Italy 2017 took place.

http://www.piemunteis.it/dep/printWordDetail.dep?wordId=6_6113

What does "Kuruho" mean?

The origin of the name kuruho comes from a mantra. In fact on the net is more and more difficult to find names not previously used. The full mantra is from the Green Tara series, and sounds

Om Bema Tare Sendara Hri Sarva Loka Washum Kuruho

It is believed to be the mantra increasing your force.
